### Firebase(web)

Authentication - Firestore - Hosting

As a fresh graduate of 2022, I am looking for an entry-level position to start my career and develop my skills in a professional environment.

In the field of front-end development, I have always strived to develop and improve my knowledge and skills by overcoming obstacles, and have always strived to reach the best throughput as soon as possible.

## Work experience

### Freelancer

Since September 2022 . From home
